# Securing multiple attack points

Digital security start – up Sequretek plans to launch operations in North America, writes Romita Majumdar

Romita Majumdar

Romita Majumdar

To rany fairly-sized cumpany with both an offline and online presence, the security of its data and of customers is among its priorities.

Pankit Proprieta Manand Naik, who have spent years building spentence in sales and security, respectively, saw this challenge for companie as a business opportunity. They see p Sequercek, a Murmbai-based digital set of the multiple devices employees useful from the multiple devices and existing investors like GVFII and bridge round led by Mumbai-bloom laboration and existing investors like GVFII and state of the multiple cost amount from CVKI and Unitom Ventures, apart from bootstrapping the Company in 2013. In 2015, it had rabed sa00,000 from a clutch of Investors.

Concept
Sequetek develops security solutions for segments such as digital identity management, threat protection platform, and security analytics for enterprises in the financial, pharmaccutical, IT/ITIS, retail and logistics sectors. Other companies in this space include Network Intelligence (also recently funded) and Innefu Labs. Most of these digital security solutions companies have raised fresh rounds over the past year as interest around cybersecurity grows globally.

Sequretek recently raised ₹270 million in a bridge round led by venture capital firm Unicorn India Ventures and existing investors like GVFL and Sharad Sanghi

### FACT BOX Founded: 2013

Area of business: Digital security products

Investors: Unicorn Ventures, GVFL,

Opportunity

In a day, Sequiretek usually monitors is 50 million events, ranging from cyber attacks to anomalies in user or machine behaviour.

"The products we offer are meant to estingle-point solutions for multiple security products be single-point solutions for multiple sames and they need to relevant for some years. That is why when we started building our products, we offered security, early cleant in the products, we offered security services to clients in endpoint security, seal of pessal (Pessal.

Sequertek has clients primarily in the banking, financial services, insurance

### EXPERT TAKE To crack US, European markets a challenge

RAVINDRA KRISHNAPPA Technology entrepreneur &

Digital security is a hot area for investments: Both on the web with BOTs and on the "inside" due to

making the impact that the Israeli firms seem to do so

that the Israeli firms seem to do so elloritessy.

Sequetek looks promising with its focus on endpoint security and its focus on endpoint security and ransomware threats. However, its ranbition to crack the all-too-critistic and the second security of the second security of the second security of the second s

grescarch and development facility in scanada. The company also seeks to hire partners to expand its market reach in the U.S. Desai said.

He also said Sequretek will benchmark its products against international standards, and has identified two premier benchmarking organisations, one each from the U.S and Europe, to run it. "The long-term plan (over the next five years) is to expand across Europe and Asia-Pacific. Plut more importantly, we want to be identified as a company that simplifies security," he added.

Road ahead
"The biggest challenge for a security
product/solutions company in India is to
attract and retain talent" said Desai. The
founder due spent months putting
together a team of experts and training
people to fill this gap. Then there was
the additional challenge of getting
investors on board. "Funding in India is
always a challenge for product companies, but thankfully our investors had
faith in us," he said.
Following the current round of funding, Sequretek plans to launch operations in North America. The start-up will
use the fresh capital to expand its business, bring out new products and developtisg ot-on-market strategy in India and
the United States.
The company plans a direct presence
